Liberty Hall Capital Partners Selects iLEVEL for Portfolio Monitoring

iLEVEL continues to grow at a rapid rate with private capital managers of all sizes implementing the platform

(New York, February 26, 2015) – [iLEVEL](http://ilevel.com), the cloud-based software provider to the private capital market, announced today that Liberty Hall Capital Partners has selected the [iLEVEL Private Capital Data Platform](#) to streamline their portfolio data collection process and enhance their reporting capabilities. Liberty Hall is a private equity firm focused exclusively on investments in businesses serving the global aerospace and defense industry.

“As Liberty Hall continues to grow, we are confident iLEVEL will be an invaluable asset to track metrics and report to our investors in a timely, consistent, and transparent manner,” said Rowan G.P. Taylor, founding Partner of Liberty Hall. “We recognize the importance of transparency when monitoring our assets, both for our own investment purposes and for investor reporting. We look forward to implementing the iLEVEL Private Capital Data Platform.”

iLEVEL grants managers of private capital the ability to do more with their data and meet the increased demands for investor reporting. Funds can streamline their data collection process and store their information in a central repository, which can be accessed via the web, through an iPad or in existing excel models. iLEVEL can optimize portfolio performance, demonstrate value creation, and more quickly run valuations.

“iLEVEL is transformational for private capital managers of all sizes,” said Kevin Black, CEO of iLEVEL. “We are thrilled to sign Liberty Hall as a client and look forward to helping them expand their business through our platform.”

The [number of firms using iLEVEL](#) has doubled in the past year and includes alternative investment firms of varying sizes that employ a wide range of investment strategies including Private Equity, Real Estate, Credit and Venture Capital. Leading LPs and Funds of Funds are also adopting iLEVEL. More than 5,500 iLEVEL users span the globe, tracking over a billion data points across 11,500 portfolio companies.
